

## Shipping to the USA

*Effective March 16, 2026*

Please note that recent tariff regulation changes have created a temporary technical delay for shipments going to the USA. In an effort to prevent shipping delays and continue sending you the freshest Greaves products, our team has decided to pause all USA bound orders until this issue is resolved.

We ask for your patience and understanding while we work through these challenges. Please know we're actively working with our shipping partners daily on a resolution and hope to resume shipping as soon as possible.

Thank you for supporting Greaves Jams here in Niagara-on-the-Lake, Canada.

Kindly,  
*The Greaves Jams Team*

## Shipping to Canada

*Effective November 5, 2025*

We're happy to share that both Canada Post and CANPAR shipping carriers are operating as normal.

\*Please note: Street addresses are required when selecting CANPAR as a carrier as CANPAR is unable to deliver to P.O. boxes.
